

About...

MSV80 actuator-activation water pump

activation condition:
battery voltage > 10 V AND motor temperature < 95 °C AND engine speed = 0 1/min AND Clamp 15 = On;

- < F1 > delivery rate 5%
- < F2 > delivery rate 50%
- < F3 > delivery rate 95%
- < F4 > activation back to DME
- < F5 > coolingsystem ventilation

< F10 > Back

< Shift > + < F10 > INPA finish
