Automotive Sales Bulletin April and May Wholesale Status

There are several important updates as to the wholesale status of MY11 vehicles. The information outlined below contains the latest information pertaining to our ability to wholesale vehicles to you this month.

- **Emissions Approvals:** Vehicles awaiting release from the US Government (EPA / CARB)

Model	Production Week(s)	Status
2011 X5 xDrive35i	April Production Week14	EPA / CARB approvals received today (4/26). Vehicles released to trucking.
2011 X6 xDrive35i	April Production Week 14	EPA / CARB approvals received today (4/26). Vehicles released to trucking.
2011 X5 xDrive35d	All April Production	EPA / CARB approvals WILL NOT be received this month. Vehicles will be released in May.
2011 335d	All March & April Production	EPA / CARB approvals WILL NOT be received this month. Vehicles will be released in May.

- **VDC Campaigns:** Depending on the week build, ALL BMW models are impacted by a seat module campaign. Due to a supplier shortcoming, vehicles were built without the component that controls the vehicle's power seats. Vehicles will be held at the VDC until the part is available. Upon part receipt, the module will be installed and the vehicles shipped. As of today, **part availability is estimated to be mid-May**. In addition M3 model are also being held due to campaign to properly install the vehicle's license plate brackets. Upon completion, vehicles will be shipped.
