Subject: E90 iPod Interface Adapter Kit

Aftersales is pleased to release the E90/E91 iPod Interface Adapter Kit. The iPod interface allows the Apple iPod, iPod mini and iPod Photo to be connected to the car's audio system. An iPod can store up to 15,000 songs. By selecting genres, artists, albums and playlists using the multi-functional steering wheel, it is now possible to access your entire music collection at any time in your car. The music stored on the iPod is played by the audio system and the iPod is charged at the same time. To ensure that you do not lose control of your playlists, the integrated dashboard 16-character display shows the current track or your position in the selection menu.

The E90 iPod adapter supports the following functions:

- Track search by artist, album or genre
- Playback of an arbitrary number of playlists
- Random playback of all tracks stored in the iPod
- Track jump
- Fast Forward
- Display information on the artist and track on the integrated dashboard display

The following are the parts included in the E90 iPod Interface Adapter Kit:

- iPod Interface module
- iPod connection cable
- Radio connection cable
- External display
- Multi-function steering wheel keypad
- Owner's manual

The iPod is placed in the centre armrest and is connected to the vehicle's audio system through the auxiliary input jack in the centre armrest. The E90 iPod Interface Adapter Kit is compatible for vehicles with multi-function steering wheel (SA249) and can be used in conjunction with a CD Changer. **The E90 iPod Interface Adapter Kit is NOT compatible with vehicles equipped with Bluetooth interface (SA644).** The current E90 iPod Interface Adapter Kit transmits signals through the vehicle's CAN bus (phone system), which is why it requires the use of the centre armrest auxiliary input jack, external display and retrofit multifunction steering wheel buttons.

A MOST bus version is scheduled for mid '06 release, which will utilize the vehicle's existing displays to display iPod and music information.

Details are as follows:

Part Number	Description	D/N	SRP	Notes
65 41 0 404 330	E90 iPod Interface Adapter Kit		\$653.50	Installation Approx.: 1.25hrs. Please refer to installation instructions: 01 29 0 404 342
